5 Committee on Culture and Education

Enrico Artuso

I was born in the north of Italy in 1995 from a middle class background. Despite always living there, I grew up as a citizen of the world, travelling as much as possible, especially to the UK.

I am currently studying Violin and Music Composition in a conservatoire and I am into theatre and graphic design because I believe the best way to bring people together and to build a better future is through the arts. 10 Committee on Foreign Affairs

Laura Kmentt

I am currently living near Vienna and attend the International School in Klosterneuburg. I was born in Vienna, but I have also lived in many other places due to my father's job in the Austrian Foreign Service. With an English mother and Austrian father I have been raised bilingually. I speak English and German and I am also learning French. In my free time (which I don't have a lot of) I like meeting up with friends. I have also been playing the piano for 10 years. Generally music is my passion. This is my fourth MEP session. I have been to two national sessions in Austria (Graz and Salzburg), once as delegate and once as committee president, and participated as delegate and Head of Delegation in the MEP Vilnius session.

I wish you all a great time in Vienna and Klosterneuburg.
